2004 SAUVIGNON BLANC SEMILLON
"Ephraim Clarke"

Region

Margaret River, Western Australia

Varieties

Sauvignon Blanc (77%)

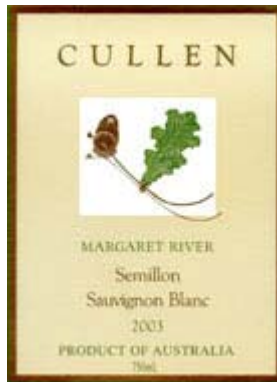

Semillon (23%)

Technical Analysis

14% alc/vol.

Background

Pioneering winemakers of Margaret River, Diana and Dr. Kevin Cullen established their 72 acre vineyard in 1971. It is now regarded as one of Australia's greatest estates with the Chardonnay considered one of the country's finest. Diana will always be remembered as one of the Australian wine industry's most remarkable and adored women. She was responsible for making the Cullen wines from 1981 until 1989 when she handed the reins to her highly talented daughter, Vanya, Australia's Winemaker of the Year in 2000.

The vineyard is organically farmed and dry grown and has 'A' grade certification with the Biological Farmers Association, after 3 years in conversion.

Tasting Notes

Pale straw with green tinges. Attractive blend of strong honeysuckle, citrus and flinty aromas, backed by clean French oak. Lovely, fresh and rich creamy passionfruit, lime and flinty fruit flavors fill out the middle palate, which leads into a long and refreshing finish.

The excellent structure imparted on this wine by the Semillon component, allied with the very high quality of the Sauvignon Blanc fruit and the subtle use of oak, will ensure that this wine will age very well in bottle. Superbly crafted and balanced; a great expression of a definitive Australian white wine.
