

2003 AGLY BROTHERS

Review Summary

92 pts “Rich and intense, with a meaty aroma and layers of red plum, raspberry, dark cherry and dark chocolate flavors. There’s also a pure, minerally spiciness, with an enveloping finish of clove, kirsch and mocha.”

Wine Spectator On-line

92 pts – TOP 100 of 2007 “This red blend of 60 percent Carignan with equal portions of Syrah and Grenache is a joint venture between two winemaking families, the Chapoutiers of the Rhone Valley and the Laughtons of Australia’s Jasper Hill winery. The primary fermentation was done in large, cement tanks; it underwent malolactic fermentation in used oak barrels. The grapes come from gneiss, limestone and schist soils in the rugged, upper Agly Valley just north of the Spanish border.” Ranked #92
